1. Chris Turner called the meeting to order.
2. Agenda and minutes approved by members.
3. Chris T. mentioned that Jessica Quillan would no longer be part of the SAC due to other commitments.
4. **Student Representative Report-Emily Turner-Grade 8**  
Emily reported that since returning to school after the holiday break, students seem to be adjusting well to the school routines and procedures. Lots of activities are happening in the library such as coloring/drawing competitions with prizes as well as trivia. Ms. Demers is doing as much as she possibly can with all of the COVID restrictions.

**Emma Toope- Grade 9**

Emma reported that the grade 9 students are feeling overwhelmed at lunch time with the crowds of students. She also mentioned that even though COVID protocols are being repeated each day during the morning announcements and teachers are reminding students about these protocols, there are still students not wearing masks properly as well as not hand sanitizing. When asked what could be done about this she suggested that a consequence be given to those who do not follow the rules.

**\*\*Lisa & Chris M. agree that the office would handle this issue by talking to the teachers about this and let them know to inform the office when**

students are not following these protocols and that they will communicate this to homes.

Grade 9 students have lots of questions about the end of year grad dance. Emma wondered if there could be a message from the office so that everyone hears the same message.

\*\*Lisa said that there could be a phone message sent out stating that plans are undetermined but as of right now with the COVID protocols there would not be a grade dance.
